WINTER IS COMING!

Inevitably winter is on its way, and it's bound to bring some snow with it. Here's some information you should know when it comes time to start shoveling!

No person shall park, abandon, or leave unattended any vehicle on any public street, alley, or City owned off street parking area. When any vehicle is left parked for more than 24 hours after a snowfall and the vehicle has been plowed around, a phone call shall be placed to the owner to have the vehicle removed before it is towed.

The city requires all obstacles, motor vehicles, and trailers to park on the even numbered side of the road on even numbered days and on the odd numbered side of the road on odd numbered days during snow removal.

Dumping of snow- It is unlawful for any person to throw, push, or place snow or ice from any private property into the street or alley so as to obstruct gutters or impede the passage of vehicles upon the street or alley or to create a hazardous condition. Do not push or place snow or ice onto another person's property.

The property owner shall remove snow, ice, and accumulations promptly from sidewalks. If a property owner does not remove snow, ice, and accumulations within 24 hours after deposit of accumulation, the city may do so and assess costs to the property owner.
